### Personal Profile

Enthusiastic and creative individual with experience of taking a project from initial idea to completion. Well organised with an appetite to learn new skills as well as the ability to manage and instruct others. Good at problem solving and able to focus on details without losing sight of overall concepts. Quality conscious and able to work to deadlines. A wide experience of computers and numerous software packages. The capacity to work on own initiative or as part of a team with good interpersonal skills, a keen sense of humour and the ability to work hard.

### Key Skills:

- Good sense of design, a healthy imagination and enjoy problem solving.
- High degree of expertise in the use of **AutoCad 2010 MEP, 3D Studio Max** and **NavisWorks**.
- High degree of expertise in **Director MX** (with lingo), **Fireworks MX, Dreamweaver MX, Flash MX, Vegas Movie Studio 9** and **Photoshop**.
- Proficient in **CorelDraw, Acid Pro, Sound Forge** plus **Acrobat** and **Microsoft Office – Word, Excel, PowerPoint etc.**
- **Danish** - fluent in spoken and reading.

### Career History:

#### **Self Employed. Dec 2010 -**

- **Architectural Draughtsman**
  - Cell Therapy Facility at Guy's and St. Thomas's Hospital, London - Created an animated walk through of the proposed facility for Exmoor Pharma in conjunction with Catapult Cell Therapy.
