

LONG LONG ROAD - Starkey / Sugar 2026

Intro: 1st 2 lines of Verse 1

1. Life's a long, long [D] road, that leads us [G] somewhere,
It's a heavy [A] load, when you're trying to [D] get there.
We all carry on, through thick and [G] thin,
I look in the [Em] mirror and wonder [A] where, where I've [D] been.

2. How do we [D] get there? It seems so far a [G] way.
Might be to [A] tomorrow, it won't be to [D] day.
When lightning strikes, (2,3,4,1,2) you will [G] see the light [Em],
So [G] get up, get out the [A] door, get on your [D] way.

Chorus:

Sometimes [G] life can turn a [A] round before you [D] know it,
Open your [G] heart, open your mind, and let it [A] flow in
You know [D] things will always [A] change,
It's [G] up to you to [D] rearrange,
Your [G] life will [Em] never be the [A] same.

3. (spoken) [D] Don't be attacked by your thoughts,
[G] Let them come in and let them go.
[A] There was a night I was on my own
And I was feeling [D] pretty low.

(sung) Now things have changed since you came [G] back to me [Em]
Without your [G] love, I'm drowning [A] in the deep blue [D] sea. (2,3,4,1,2,3,4)

Instrumental: [D] - [G] - [Em] - [G] - [A]

Chorus:

Sometimes [G] life can turn a [A] round before you [D] know it,

Your [G] life will [Em] never be the [A] same
Life's a long, long [D] road.
